An essay is, generally, a piece of writing that gives the author's own argument â€” but the definition is vague, overlapping with those of a paper, an article, a pamphlet, and a short story. Essays have traditionally been sub-classified as formal and informal. Formal essays are characterized by "serious purpose, dignity, logical organization, length," whereas the informal essay is characterized ...

"Computing Machinery and Intelligence" is a seminal paper written by Alan Turing on the topic of artificial intelligence. The paper, published in 1950 in *Mind*, was the first to introduce his concept of what is now known as the Turing test to the general public.. Turing's paper considers the question "Can machines think?"
