The domestic cat is a member of the cat family, the felids, which are a rapidly evolving family of mammals that share a common ancestor only 10–15 million years ago and include lions, tigers, cougars and many others. Within this family, domestic cats (*Felis catus*) are part of the genus *Felis*, which is a group of small cats containing about seven species (depending upon classification scheme).

A pet or companion animal is an animal kept primarily for a person's company, protection, or entertainment rather than as a working animal, livestock, or laboratory animal. Popular pets are often noted for their attractive appearances, intelligence, and relatable personalities. Two of the most popular pets are dogs and cats. A cat lover is known as an ailurophile and a dog lover is known as a ...

CAN SELECTION. At the core of the Super Cat project, of course, is an empty, clean aluminum can. The 3 ounce size that's widely found at most grocery stores and used for products such as cat food and potted meat sandwich spreads is probably the best all-around choice for the reasons discussed above.
