computer science. A university graduate program requires a research base, and that in turn requires a long-term commitment of dollars. Lick's ARPA

### **Digital Equipment Corporation - memex.org**

The results clearly demonstrated that those who had read on computer screens had understood less than those who read on paper. Perhaps surprisingly, this disparity was encountered with both the fiction and the factual prose.

### **Paper beats computer screens | ScienceNordic**

The history of computer science began long before our modern discipline of computer science. Developments in previous centuries alluded to the discipline that we now know as computer science. This progression, from mechanical inventions and mathematical theories towards modern computer concepts and machines, led to the development of a major academic field and the basis of a massive worldwide ...
