Introduction to Business and Management

problem statement of business management is to maximise productivity. The business, therefore, is the study object of business management research, which means that business management is a systematic assimilation of scientific insight with the objective of maximising rate of return.

Business Management: A Contemporary Approach

Business Management 1 is an introductory module. The objective of this module is not to develop you into a business management expert, but rather to create an introductory awareness and understanding of the business organisation, with its primary business functions as a pivotal entity within the broader business environment system.
