E-business Lecture 1 - Utrecht University

E-business solutions. E-business solutions support business and government processes that are automated and integrated using information and communication technology (ICT). This involves the electronic exchange of documents and data that are transported to and processed by disparate systems as part of a supply chain.

E-business solutions - UNECE

Business models e the theoretical foundation The concept of a business model lacks theoretical grounding in economics or in business studies. Quite simply there is no established place in economic theory for business models; and there is not a single scientific paper in the mainstream economics journals that analyses or discusses business

Business Models, Business Strategy and Innovation
