arts students in the community based programs and teaching Ecopsychology in the residential program. She has an MA in Cultural Ecopsychology and is currently a doctoral candidate in the Transformative Learning and Change program at the California Institute of Integral Studies (CIIS).

Environmental Healing: Shifting from a Poverty Consciousness

ecopsychology or as James Hillman states, we must get out of Western history to tribal animistic psychologies that are always concerned with 'the soul of things' (as quoted in Fisher, 2002, p. 5).

Recovering the Eco-Unconscious By Robin Gates

Ecopsychology is a growing somewhat underground movement, a movement however, that many believe will come to fruition in this day and age of our concrete jungles, addiction to science and technology, and our general detachment from our original mother, the Earth.

Amazon.com: Customer reviews: Ecopsychology: Restoring the

Ecopsychology studies the relationship between human beings and the natural world through ecological and psychological principles. The field seeks to develop and understand ways of expanding the emotional connection between individuals and the natural world, thereby assisting individuals with developing sustainable lifestyles and remedying alienation from nature.
