Recall in memory refers to the mental process of retrieval of information from the past. Along with encoding and storage, it is one of the three core processes of memory. There are three main types of recall: free recall, cued recall and serial recall. Psychologists test these forms of recall as a way to study the memory processes of humans and animals. Two main theories of the process of ...

Concept Metaphysics. The nature of cause and effect is a concern of the subject known as metaphysics.. Ontology. A general metaphysical question about cause and effect is what kind of entity can be a cause, and what kind of entity can be an effect.. One viewpoint on this question is that cause and effect are of one and the same kind of entity, with causality an asymmetric relation between them.
