PLTW California (Project Lead the Way) | Challenge General

Science, Technology, Engineering and Mathematics (STEM), previously Science, Math, Engineering and Technology (SMET), is a term used to group together these academic disciplines. This term is typically used when addressing education policy and curriculum choices in schools to improve competitiveness in science and technology development. It has implications for workforce development, national ...

Science, technology, engineering, and mathematics - Wikipedia

“Without a vision, the people perish.” (Proverbs) Sometimes people think defining a school’s vision and mission are relatively unimportant, and can be done quickly.

Vision and Mission “ Center for School Change

Problems and Problem Solving. What is a problem? In common language, a problem is an unpleasant situation, a difficulty. But in education the first definition in Webster's Dictionary “a question raised for inquiry, consideration, or solution” is a common meaning.. More generally in education, it can be useful to define problem broadly “as any situation, in any area of life, where ...
