

teenage drug abuse research pdf

What is marijuana? Marijuana refers to the dried leaves, flowers, stems, and seeds from the Cannabis sativa or Cannabis indica plant. The plant contains the mind-altering chemical THC and other similar compounds.

DrugFacts: Marijuana | National Institute on Drug Abuse (NIDA)

Appearance and performance enhancing drugs (APEDs) are most often used by males to improve appearance by building muscle mass or to enhance athletic performance. Although they may directly and indirectly have effects on a user's mood, they do not produce a euphoric high, which makes APEDs distinct from other drugs such as cocaine, heroin, and marijuana.

Introduction | National Institute on Drug Abuse (NIDA)

Drug abuse and addiction, now both grouped as substance or drug use disorder, is a condition characterized by a self-destructive pattern of using a substance that leads to significant problems and distress, which may include tolerance to or withdrawal from the substance.

Drug Abuse and Addiction - MedicineNet

A component of the Executive Office of the President, ONDCP was created by the Anti-Drug Abuse Act of 1988.. The ONDCP Director is the principal advisor to the President on drug control issues.

Office of National Drug Control Policy

Drug abuse can inflict severe " sometimes permanent " damage on your teen's mind, body and future. Though drug use may begin casually, your teen may not realize that they risk addiction.

MONITORING FUTURE NATIONAL SURVEY RESULTS ON DRUG USE 1975-2015 2015 Overview the Sponsored by The National Institute on Drug Abuse at The National Institutes of Health

MONITORING the

Monitoring the Future is an ongoing study of the behaviors, attitudes, and values of American secondary school students, college students, and young adults. Each year, a total of approximately 50,000 8th, 10th and 12th grade students are surveyed (12th graders since 1975, and 8th and 10th graders since 1991).

Teenage pregnancy, also known as adolescent pregnancy, is pregnancy in a female under the age of 20. Pregnancy can occur with sexual intercourse after the start of ovulation, which can be before the first menstrual period (menarche) but usually occurs after the onset of periods. In well-nourished females, the first period usually takes place around the age of 12 or 13.

Teenage pregnancy - Wikipedia

Drug addiction, also called substance use disorder, is a disease that affects a person's brain and behavior and leads to an inability to control the use of a legal or illegal drug or medication. Substances such as alcohol, marijuana and nicotine also are considered drugs. When you're addicted, you ...
